- Enhances the floor's locking system
- Offers superior sound control

ORDER INFO

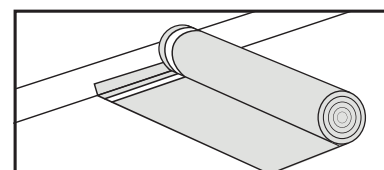

Inventory Style Number	In Wide/Pc	In Long/Pc	Sq Ft	Thickness	Core Material	Surface Materials
VU40	46"	316"	100 sq ft	6 mil	Polyethylene	Polyethylene
VU41	46"	104.4"	400 sq ft	6 mil	Polyethylene	Polyethylene

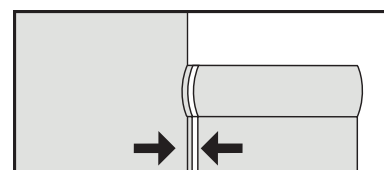

EASY TO INSTALL

Installation is as easy as 1, 2, 3.

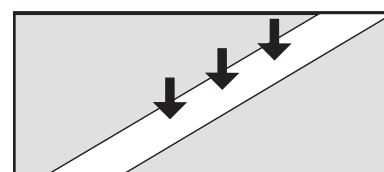

1. Unroll the first row of underlayment parallel to the laying direction of the floor with the moisture barrier face down against the subfloor, allowing the pad to run up the walls 1 to 2 inches.

2. Roll out the second row next to the first. Butt together tightly, covering the overlapping moisture barrier lip.

3. Remove the tape liner from the second row and secure it to the overlapping moisture barrier. Press firmly to ensure a tight bond.
